

Action Planning for Guided Pathways

To be completed in consultation with other college personnel.

Instructions: This template will help you identify and implement key priorities/strategies for designing and implementing guided pathways at scale. Once you've collaborated with key people on your campus to complete this template, return the completed action plan to Nan Poppe (nanpoppe1@gmail.com) by June 1, 2018. Add rows as needed.

- Consider what you have learned. What insights has the team gained from the institute sessions and team conversations?
- Consider your institution's needs for targeted professional development and/or technical assistance at this stage in your work.
- Consider what specific strategies for intentional engagement of college stakeholder groups you will want to implement
- Consider how you will want to assemble teams to develop program maps and if different teams might need different supports/levels of engagement

Priority	Goals	Activities/Tasks	Leadership	Timeline		Resources	Issues/Concerns
<i>What are the top priorities for the work?</i>	<i>What is the specific desired student outcome(s)?</i>	<i>What are the steps required to accomplish this priority?</i>	<i>Who is responsible?</i>	<i>When will you start?</i>	<i>When will you check progress?</i>	<i>What resources (time, people, facilities, and money) need to be allocated/reallocated?</i>	<i>What challenges do you anticipate?</i>
