

Oregon's Community Colleges

2023 Community College Capital Construction Funding Request

New Project Requests

- The Legislature authorizes Article XI-G funded community college capital projects up to \$8 million per college.
- Oregon Constitution requires colleges match these bonds dollar-for-dollar.
- HECC works with colleges to rank capital construction projects in priority order for consideration by the Governor and Legislature each biennium.
- Colleges may only request state funds every 4 years.

\$8,000,000
