

COMMUNITY COLLEGE DAY OF ACTION

May 18, 2023

Let's Get Loud!

What legislators have proposed for the Community College Support Fund (CCSF) isn't enough to maintain college programs and services while keeping tuition low for students. Join your community college advocates from around the state on this **DAY OF ACTION** to urge legislators to increase funding to the CCSF!

How YOU Can Take Action on May 18:

- Work with your college to **schedule in person (or virtual) visits** with your local legislators
- **Call or send a message** to your legislators through the Voter Voice platform (app or web-based), and then encourage your colleagues, friends, family and neighbors to do the same
- **Tag legislators on social media** to urge their support of increased community college funding; also use #CCDayOfAction in posts
- Use OCCA's **Advocacy Toolkit** to access talking points, informational one-pagers, social media guidance and more:
