

# COMMUNITY COLLEGE DAY OF ACTION

**Feb. 13, 2024**

## Let's Get Loud!

Make sure legislators are aware of community college priorities during the 2024 Legislative Session:

- **Oregon Opportunity Grant** - go back to awarding students based on the full cost of attendance
- **Corequisite Education** - support formation of a workgroup to provide recommendations on a shift to corequisite education at all colleges
- **Semiconductor Workforce** - funding needed to support growing need for a semiconductor workforce in Oregon
- **Basic Needs Funding** - support \$5 million grant for basic needs programming in the colleges

### How **YOU** Can Take Action on February 13:

- Work with your college to **schedule in person (or virtual) visits** with your local legislators
- **Call or send a message** to your legislators through the One-Click platform, and then encourage your colleagues, friends, family and neighbors to do the same
- **Tag legislators on social media** to urge their support of community college priorities; also use #CCDayOfAction in posts
  - Use OCCA's **Advocacy Toolkit** to access talking points, informational one-pagers, social media guidance and more:
